**[www.fratline.net](http://www.fratline.net)**

Dear Friend,

I am proud to introduce our new, 24-page, full color catalog. **The year 2003 marks our 12th year of service to America's fraternal organizations, clubs and associations.** As you'll see on the following pages, we are **THE** specialists in this field.

We take great pride in providing the best quality products, delivered on time and with **NO hidden charges**. You don't have to take my word on this, just read the client testimonials that are included on nearly every page of this catalog.

A couple of things to note are that we have **NO Die or Set-Up Charges** on lapel pins and medallions. When we say "No Hidden Charges", that's exactly what we mean! Additionally, we offer an exclusive **100% Satisfaction Guarantee** which speaks for itself.

Please take your time and peruse this catalog. There's a lot here and I know that it will help you with ideas for your custom pin, medallion, award, emblematic jewelry or other imprinted product. Our customer service and design staff stand ready to assist you with your project.

We look forward to working with you soon!

Fraternally & Sincerely,

B. Shawn Warren  
President & CEO

## Exclusive Emblem Design Resources Available From M. Warren & Co.

**FREE Book\*** Originally published in 1999, this book has since been recognized as the authoritative volume on it's subject. The content and scope of the book was recently expanded with the second edition. It is the only step-by-step handbook that leads you from the concept and design of your custom lapel pin, to the finished product.

Here's a sampling of what you'll find in this exclusive resource tool:

**How to Use Custom Lapel Pins and Medallions to:** Promote membership, commemorate your term, celebrate important events, recognize veteran members, and raise funds.

**Creating Your Unique Custom Emblem:** Easy to follow, step-by-step instructions for the beginner.

**Pin Manufacturing Processes:** Discover the best process for your design.

**Attachments and Packaging:** How to turn your lapel pin into a variety of jewelry items and accessories for added impact.

And Much, Much More! \*You can order your copy for only \$4.95, postage paid. The price of the book will be rebated on your first custom lapel pin or medallion order.

# EMBLEMATIC PROGRAMS

Pin and Patch Sets are perfect for building membership identity. These sets can be used effectively as convention souvenirs, fundraising premiums or to mark a special event in the life of an organization, like an anniversary.

Kilt badge and lapel pin created for the Scottish Knights of St. Andrew, a service organization of the Ancient & Accepted Scottish Rite of Freemasonry, S.J. (USA)

*The staff of M. Warren & Co. has been very helpful in the design of the St. Andrews emblem and were knowledgeable, courteous and informative each and every time I called to talk and ask questions... My overall experience with M. Warren & Co. has been highly satisfactory and I most wholeheartedly recommend them to anyone who desires a courteous, knowledgeable, friendly and informative staff to assist them in every endeavor for promoting the family of Freemasonry.*

Bruce Jeffers, P.M.  
Scottish Knights of St. Andrew  
Centerville, Kansas

# CUSTOM FRATERNAL JEWELRY

**Membership Pins:** Recognize members with a keepsake they'll treasure for years to come. We can help you create a unique design that will help promote membership in your organization.

**Presiding Officer Pins:** Commemorate your term in office by distributing a custom pin made especially for you.

**Anniversary Pins:** Mark an important event in the life of your organization with a custom anniversary pin. Anniversary pins and other commemorative items can be sold to raise funds to offset expenses.

**Fundraising Pins:** Lapel pins have long been a great fundraising premium because they are collectible and have high perceived value.

**Veteran Member Award Pins:** Every organization should regularly recognize and reward veteran members with a year of service pin. Service award pins are often presented for ten, twenty-five, fifty, sixty and seventy-five years of membership. You can add synthetic gemstones to the pin and package it in a plastic box for an even more impressive presentation. We can design a custom service award pin or duplicate an existing design for you.

**Shrine Potentate's Pins:** Mark your year as the leader of the Nobility of your Temple with a custom designed Potentate's pin.

**Commemorative Medallions:** One of our specialties, medallions make great gifts and premiums.

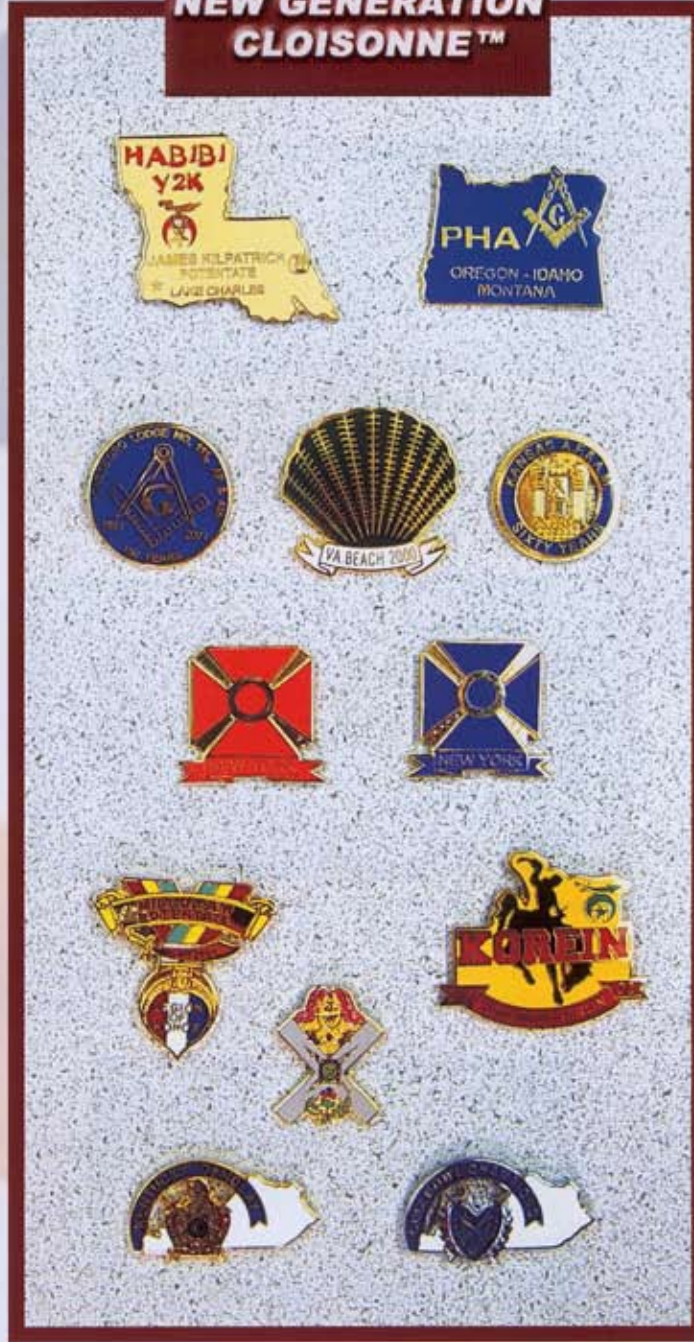

## PREMIUM CLOISSONNE™

**Premium Cloisonne™** is an ancient art developed thousands of years ago in China. Your design is stamped into quality metal and then plated. The recessed areas of the emblem are completely filled with vitreous Cloisonne paste in the colors you've selected. Your emblem is then hard fired and polished repeatedly until perfectly smooth. Because of the special paste and hard firing, exact color matching cannot be achieved. Premium Cloisonne™ has a beautiful glass-like finish and is the only choice for customers who require the very finest jewelry-quality emblem. **Lapel pin price includes:** Free custom die; art setup; up to five colors of enamel; gold, silver-nickel, copper or black nickel plating; military or rubber clutch; individual poly bag packaging.

## NEW GENERATION CLOISSONNE™

**New Generation Cloisonne™** is the modern adaptation of the traditional Cloisonne process. Your design is stamped into quality metal and then plated. The recessed areas of the emblem are completely filled with special epoxy resins in the colors you've selected. Your emblem is then hard fired and polished repeatedly to a glass-like finish. The epoxy resin colors remain vivid and exact color matching is possible. You should choose New Generation Cloisonne™ when you require the look of traditional Cloisonne but exact color matching is preferred or necessary. **Lapel pin price includes:** Free custom die; art setup; up to five colors of enamel; gold, silver-nickel, copper or black nickel plating; military or rubber clutch; individual poly bag packaging.

# DIE STRUCK SOFT ENAMEL

*The members are very pleased with the pins. I would like to thank you for all the help you gave me, your patience in answering my questions and your great design for our pin. Thanks again.*

Ray Slater  
Kalurah Legion of Honor  
Endicott, New York

*Everything about your company is excellent - product, price, and delivery. You make everything so easy.*

Marcy M. Eisenburg, Sr., P.P.  
President 2001  
Southeastern Shrine Association

**Die Struck Soft Enamel** is an alternative to Cloisonne. This die striking process gives your design a dimensional look. Like Cloisonne, your design is stamped into quality metal and then plated. The recessed areas are hand filled with the brilliant enamels of your choice and baked to harden. Since the enamel is only applied to the recessed levels, you can feel the high and low areas of the surface. An epoxy dome may be applied for a smooth feel but is not necessary for the durability of the emblem. Exact color matching is available with this process. **Lapel pin price includes:** Free custom die; art setup; up to five colors of enamel; gold, silver-nickel, copper or black nickel plating; epoxy dome if desired; military or rubber clutch; individual poly bag packaging.

## DIE STRUCK NO ENAMEL

**Die Struck No Enamel** is truly an elegant way to portray your custom design. Your design is stamped into quality metal and then plated in the finish of your choice. The recessed areas can be textured and the highlights polished for a dimensional look. Your choice of background texturing is included in the price. Texturing treatments include: Sandblast (polished pebble finish), matte and vertical or horizontal lines. An antique finish may also be an appropriate consideration for your design. Die Struck No Enamel emblems are a popular choice for service awards. **Lapel pin price includes:** Free custom die; art setup; standard gold, silver-nickel, copper or black nickel plating; antique plating or your choice of texturing treatment; military or rubber clutch; individual poly bag packaging.

## 3-D DIE STRUCK

**3-D Die Struck** is an alternative to casting and is the choice when you desire a fully dimensional look. Your design is stamped into quality metal, in full or partial relief and then plated in the finish of your choice. The recessed areas can be textured or antiqued and the highlights polished to enhance the relief of the emblem. Your choice of background texturing is also included in the price. As you see in the designs pictured above, you can choose to add enamel colors to 3-D Die Struck emblems. **Lapel pin price includes:** Free custom die; art setup; up to five colors of enamel; standard gold, silver-nickel, copper or black nickel plating; antique plating or your choice of texturing treatment; military or rubber clutch; individual poly bag packaging.

## CHEM-ETCHED SOFT ENAMEL™

*I first became aware of M. Warren & Co. by a mailing sent to our lodge secretary and he told me I had to see the samples that were sent. I found your product information and catalog to be well laid out. Your company was able to use the 150th anniversary design we developed and the finished pin was better than expected. Our order was handled in a professional manner with calls coming from both ends for suggestions. I found the staff of your company to be very pleasant, concerned and honest.*

Frederick Zacher, Treasurer  
Dewitt Lodge No. 84, AF & AM  
Clinton, Illinois

**Chem-Etched Soft Enamel™** is similar to Die Struck Soft Enamel in appearance. Over the years this has become a popular style with many of our clients. Your design is etched into sheet brass using acids and then plated. The brilliant enamels are hand filled into the recessed areas and baked to harden. Smaller details can be achieved with this process than with many other processes. An epoxy dome may be applied for a smooth feel but is not necessary for the durability of the emblem. Exact color matching is available with this process. **Lapel pin price includes:** Free custom die; art setup; up to five colors of enamel; gold, silver-nickel; copper or black nickel plating; epoxy dome if desired; military or rubber clutch; individual poly bag packaging.

# VALUE-PIN SOFT ENAMEL™

**Value-Pin Soft Enamel™** is made the same way as Die Struck Soft Enamel except that the metal used is steel rather than brass or copper. The emblem is plated and then filled with the enamel colors of your choice. Like other processes, the enamels are applied only in the recessed levels, so you can feel the high and low areas of the surface. An epoxy dome may be applied for a smooth feel and is recommended. Exact color matching is available with this process. Value-Pin Soft Enamel™ emblems are a good choice for large volume orders and tight budgets. **Lapel pin price includes:** Free custom die; art setup; up to five colors of enamel; gold, silver-nickel; copper or black nickel plating; epoxy dome if desired; military or rubber clutch; individual poly bag packaging.

*The Pins are very nice. I will be proud to give them to our members. I thank you for your help in getting them to us in a timely manner. I am confident that we will conduct more business with you in the future. I will certainly recommend you to others.*

Floyd Hall  
Arlington Lodge No. 438, AF & AM  
Arlington, Texas

*Thank you so much for your help this year. The pin is wonderful and is being complemented as a great design. We've already referred you to many others. Thanks for doing such a good job.*

Ronald Bertie, P.G.C.  
Grand Recorder  
Grand Commandery of New York, KT

# FRATLINE HYBRID™ (ENAMEL & PRINTING)

Fratline Hybrid™ emblems are simply any of our enameled pins with screen printed lettering or fine details. Many times your design may require finer details or small areas of color that cannot be enamelled. The solution is our Fratline Hybrid™ process. Choose your pin style (manufacturing process) and add the cost of printing the colors you desire. After your emblem is manufactured in the traditional manner, the details or lettering are then printed. If you're using a soft enamel pin, an epoxy dome is added as the final step.

The **Screen Printed** process is used when your design requires more detail than the other processes can achieve. Your design is printed on a flat, plated metal cutout in the colors you've selected. No metal divider lines are necessary to separate colors. An epoxy dome may be added to protect the printed colors. Exact color matching can be achieved with this process. Color artwork on diskette, negative or separations are required. **Lapel pin price includes:** Free custom die; art setup; up to four colors; gold or silver-nickel plating; epoxy dome if desired; military or rubber clutch; individual poly bag packaging.

## CUSTOM SHRINE POTENTATE'S PINS

Throughout this catalog you've seen Shrine Potentate's pins on nearly every page. Potentate's pins are one of our specialties. We'll design a custom pin or a complete program for your term in office.

*I found your company to be very friendly... easy to do business with. Nothing was ever a problem. My pin looks great. Even the small lettering is easy to read. Ordering was easy... a phone call, a fax and we were done! You were always available when I needed to talk to you. Your price was very competitive and your delivery time was outstanding. No hassle - just down to earth business. I got the best price the first time and didn't have to "wheel and deal."*

Richard Villhauer  
Kaaba Shrine Temple  
Davenport, Iowa

*I was very pleased with the pin design that you offered. The quality of my pins is great and I was extremely pleased with the price. My order arrived early so now I don't have to worry about my pins not being here on time. The way you handled my order from beginning to end was excellent and I have already recommended your company to others.*

William F. "Digger" Young Jr.  
Syria Shrine Temple  
Pittsburg, Pennsylvania

# POTENTATE'S PROGRAMS

**Everything you need for your term in office. Custom Potentate's pins, bola ties, accessories, name badges, cups, napkins and gift items. Call us with your ideas and we'll design a complete program for you.**

*I felt your company was concerned about my order. I was pleased from start to finish and was given courteous, professional service. Continue as you are and you will be very successful.*

Dr. David R. Franke  
Nemesis Shrine Temple  
Parkersburg, West Virginia

Add a Back Die with your name or other information.

*I have received my Potentate's pins and I am very pleased. They were delivered far ahead of schedule. You handled my order in a most friendly, courteous, and professional manner. I would order from you again without hesitation and recommend you to others.*

Dean Mulch  
Calam Shrine Temple  
Lewiston, Idaho

# COMMEMORATIVE MEDALLIONS

Medallions are the perfect emblematic item to commemorate any important event. They have a high perceived value and can be sold for several times their cost. Our most popular sizes are 1-1/4" and 1-1/2" diameter. Medallions can be manufactured in two dimensional or three dimensional relief and several plating choices are available. In fact, you can split your order using up to three plating choices at no extra charge. Example: Place an order for 1,050 medallions and have 350 pieces plated in Bronze, 350 pieces plated in Nickel-Silver and 350 pieces plated in Gold.

Our medallions are die struck in solid brass for the highest quality impression possible. **Medallion prices include:** Two custom dies; art setup; up to three colors of soft enamel; your choice of plating, including antique or texturing treatment and individual poly bag packaging. Plastic presentation cases are available for an additional charge.

## Quality Royal Arch Chapter Pennies and Shekels in Solid Brass

We are *THE* source for the highest quality, affordable Royal Arch Chapter Pennies and Shekels in North America. Made of solid brass, not lightweight cheap material, our coins are made to last a lifetime. Your Chapter will be proud to present these coins to your newly exalted Companions. There are two designs to choose from: The #RAM-100 Penny and the #RAM-102 Shekel. Either design can be customized with your Chapter information in the plating of your choice. Best of all, the minimum order is only 100 pieces! A onetime die charge applies, see our current **Product & Price Guide** for details.

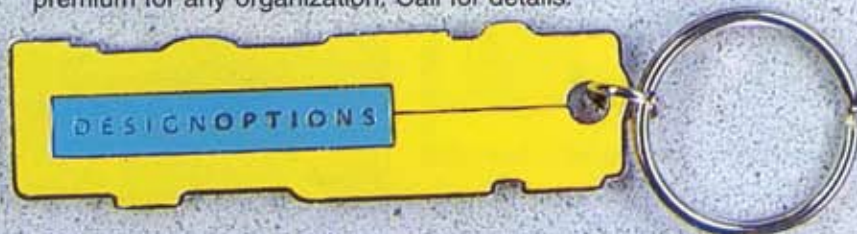

# CUSTOM MEDALS & AWARDS

We can reproduce existing medals from your sample or custom design awards according to your specifications. Many colors and styles of ribbon attachments are available.

Die Struck Key Chains make a nice fundraising premium for any organization. Call for details.

We can design and manufacture unique jewelry items like this Egyptian Cartouche.

Past presiding officer jewels are one of our specialties. Minimum order is usually 12-15 pieces. Jewel shown is Past Grand Commander of Georgia, Knights Templar.

# GENERAL ORDERING INFORMATION

## NO Die Charge and FREE Set-Up!

**This General Ordering Information section applies to custom lapel pins and medallions. For ordering information on other products featured in this catalog, see our current *Product & Price Guide*.**

**Size:** Pin size is measured by the longest distance between points. Example: A square is measured diagonally.

**Colors:** Enameled pin prices include up to five colors. For extra colors see the "ADDITIONAL OPTIONS" section in the current *Product & Price Guide*.

**Custom Shape:** An extremely irregular shape may require additional shape cuts. Inner hole or irregular outer shape cut: Per hole or cut charge \$15 plus an additional \$0.03 per unit, per hole. Please forward design or sample for accurate price.

**Artwork:** Camera ready, black and white artwork required. Black = Raised Metal Surface, White = Recessed (these areas may be filled with color). We can produce artwork from your sketch, logo or sample for \$40. We reserve the right to fax or mail a paper proof at \$10 when the artwork is not clear or needs to be altered.

**Production Time Defined:** From the date we receive your order with approved artwork, to the date we ship out your order.

**Regular Service:** 6-8 weeks. Rush service is available, please inquire.

**Pricing:** Please refer to our current *Product & Price Guide* for items illustrated in this catalog. **All prices are subject to change without notice.**

**Terms:** Payment in full must accompany all new orders. For exact repeat orders, a 50% deposit is required with the balance due NET 10 days from date of shipment. Extended terms up to Net 30 days are available to organizations with established credit.

**Payment Methods:** We accept cash, personal and organization checks, money orders and the following credit cards: MasterCard, Visa, American Express and Discover.

**Shipping:** Freight charge is based on the actual weight of goods (minimum \$10). All orders are shipped uninsured unless purchaser authorizes insurance charges. Title of goods passes to buyer at the F.O.B. point. All claims for damaged or missing merchandise must be made against the carrier.

**Claims:** All claims for shortages, damages or wrong imprint, etc. must be made within two weeks of purchaser's receipt of goods. No order will be accepted for return without prior authorization from M. Warren & Co.

**Cancellations / Changes:** Any costs incurred prior to the cancellation or change of an order will be invoiced to the customer. Additions to the original order can not be accepted once the order has been processed by the factory. Additions must be processed as a new order.

**Overrun / Underrun:** For quality control reasons it is not always possible to produce the exact quantity ordered, we reserve the right to ship and invoice 5% over or under the actual quantity ordered.

**Trademarks / Copyrights:** M. Warren & Co. presumes that clients are authorized to use any registered trademark or copyright protected logos or designs presented to us to reproduce. We assume no responsibility in trademark or copyright disputes.

## EMBROIDERED EMBLEMS

**No Tape Charge and Free Set-up!** To determine size: Length + Width ÷ 2 or Circle Diameter. Minimum lettering size of 3/16" required for legibility. A Merrow border is always used on standard shapes unless specified. All irregular shapes must have cut borders. An emblem with a cut border looks more like direct embroidery when sewn onto a garment or other item. Standard packaging is bulk.
